FOUR-FOREST
Bilingual International School

Corporate background of the FOUR-FOREST Group:

The schools of the Four-Forest Group consist of Four-Forest schools in Lucerne and Zug and the LMS-Schule in Lucerne. All three schools are state-recognised and offer close to 300 students a high-quality education.

In order that each student can receive individual attention and support, students are taught in small groups.

Presently we offer, in all locations, a forest school, a pre-school and a kindergarten as well as all classes of the primary school age range. At our location in Lucerne, we also offer a secondary school with grades 7-9 and an additional 10th grade. Based on the curricula of the cantons of Lucerne and Zug, teaching at the Four-Forest schools is delivered equally in German and English. At the LMS-Schule lessons are given in German. The Four-Forest Group employs over 60 members of staff in various full-time and part-time positions. The schools are managed by an experienced team and supported by a Board of Directors, who offers specialist support in the fields of finance and corporate management.
